

Results Analysis Table

Use your observational data findings and the 'Guidelines for water quality testing' worksheet to assess how healthy your creek is. Complete the table below.

Indicator	Result	Tick the level		
		Low	Normal	Above
Water Temperature (°C)				
pH				
Conductivity (µS/cm)				
Dissolved O ₂ (mg/L)				
Turbidity (NTU)				
Algae %				
Colour				
Foaming				
Odour				
Visible pollutants		N.B. Any litter found is not normal.		
Lab results				
Ammonia N				
Total Nitrogen (N)				
Total Phosphorus (P)
